# HOW TO ORGANISE YOUR TEAMS/PLAYERS

The Esports League is designed for clubs & Academies to GROW their participation by being able to offer a Tournament to non traditional Futsal players.

It is recommended that Esports is used to increase your numbers by EXTENDING your team with Esports players to represent your club and NOT use the players already assigned to your Futsal Team.

Clubs & Academies can perform trials and offer an Esports position to players in each age group, much like being selected for the futsal team that's competing.

By doing so, Clubs & Academies will create increased & ongoing revenue streams from these players in addition to the clubs increased profile by attending this tournament and after Tournament Leagues ongoing Leagues.

It is recommended to

- Hold Trials in each of the Age groups
- Create Tournament entry /tour packages just like with your Futsal Team;
- Promote that your club / Academy is entering into the Esports Arena & generate more following
- REMEMBER- Your ESPORT Team Entry (1 x player per entered GCI Futsal Team) is included in your Tournament Team fees already so you as a club/Academy have no further expense.
